My OFFICE OF COLLECTOR OF TAYYOR

OFFICE OF COLLECTOR OF TAXES,
District of Columbia, Washington,
April 30, 1891.—The attention of taxpayers is called
to the tax levied for the year ending June 39, 1891, on
real and personal property. The second half of such
tax, where not previously paid, will become due and
payable on the 1st day of May, and if not paid before
the 1st day of June ensuing, shall thereupon be in arrears and delinquent, and a penalty, 2 per centum
upon the amount thereof, shall be added and the same,
with other taxes due and in arrears, shall be listed 1or
advertisement and sale in the manner prescribed by
existing law. By order of the Commissioners of the
District of Columbia. Attest: E. G. Davis, Collector of Taxes, D.C. Thursday, April 30, 1891.

Having run across a lot of Men's Trouserings at a "apecial" price I offer you an excellent chance to secure a pair below the usual fig-ures. You will be surprised at the dressy styles in Imported Trouserings now offered at \$8, \$10 and \$12. Two dollars more

THE U. S. S. OMAHA sailed last evening from Mayatan, Mex., for San Francisco. THE U. S. S. JAMESTOWN arrived at Fortress

fonroe yesterday.

ASSISTANT SECRETARY CROUNSE of the Treasary Department has returned to Washington from his visit to New York and was at his desk at the Treasury Department today.

FOURTH-CLASS PROMOTIONS .- The following fourth-class postmasters were yesterday appointed: J. G. Williams, Ocean City, Md.; S. A. Flanagan, Flanagan's Mills, Va.; J. S. Thomas, Otterville, Va. TREASURY INSPECTOR H. B. WILLIAMS, who has

been on duty in the west, will succeed Mr. Charles J. Goff, the special treasury agent at the Seal Islands, whose duty it has been to supervise the operations of the company that has the contract for taking seals at those COMPLETING THE GREAT GUNS .- At the navy

yard here yesterday the jacket was successfully placed on the second 12-inch gun for the coast defense vessel Monterey, launched in California last Tuesday. The first of these guns will be finished in six weeks, or five and a half months from the date it was begun. This is regarded as a most creditable record in view of the feet that it is in the caliber built by the Navy Department.

WITHIN THE SCOPE OF THE COPYRIGHT. Assistant \_ecretary Spaulding has informed a Assistant \_acretary Spaulding has informed a firm in Columbus, Ohio, that the so-called "souvenir albums" of for ign manufacture, which, it is understood, are in the nature of printed or illustrated books, would seem to come within the scops of the copyright act of March 3 last, and if copyrighted in this country are debarred from importation for sale after July 1 next.

THE SUSIDIARY COIN.—Secretary Foster will today or tomorrow take the first of the steps contemplated by him to get the \$20,000,000 subsidiary silver coin now in the treasury into circulation. It is understood that he will issue a circular reciting that the amount of silver against which certificates can be issued under the law is nearly exhausted and will offer to send to banks, free of expressage and other charges, aphaldiary silver to an amount not exhausted. charges, subsidiary silver to an amount not ex-ceeding \$200 in each case in return for a cor-

thority for the statement that the government of the United States has not had any negotiations whatever with the government of France respecting Hayti and the acquisition of Mole St. Nicholas, as was indicated in the debate in the French chambers of deputies yesterday. The squadron of evolution was not sent to Port-au-Prince with any intention of creating a naval demonstration. An effort was made by the representatives of the government to secure the use of Mole St. Nicholas by lease or otherwise, but these efforts, it is learned, respired to the statement that the government is good authority for the cities of Washington and Georgetown, his appointment to take effect from the date of his qualification according to law. It is hereby further ordered that all orders heretofore passed by the Commissioners in regard to the offices of sealer of weights and measures for the cities of Washington and Georgetown, his appointment to take effect from the date of his qualification according to law. It is hereby further ordered that all orders heretofore passed by the Commissioners in regard to the offices of sealer of weights and measures for the cities of Washington and Georgetown, his appointment to take effect from the date of his qualification according to law. It is hereby further ordered that all orders heretofore passed by the Commissioners in regard to the offices of sealer of weights and measures for the cities of Washington and Georgetown, his appointment to take effect from the date of his qualification according to law. It is hereby further ordered that all orders heretofore passed by the Commissioners in regard to the offices of sealer of weights and measures for the cities of Washington and Georgetown, his appointment to take effect from the date of his qualification according to law. It is hereby further ordered that all orders heretofore passed by the Commissioners in regard to the offices of sealer of weights and measures for the cities of Washington and George for the cities of Washington and George for

TWO CENTS.

THE AGREEMENT WITH SPAIN. ary Blaine Receives It and Dia With Gen. Foster,

HE DECLINES TO TALK UPON THE SUBJECT UNTIL THE PRESIDENT SHALL HAVE EXAMINED IT-SPAIN WANTED TOBACCO INCLUDED, BUT THAT WOULD HAVE MADE IT A TREATY.

The Spanish treaty, recently negotiated by Special Commissioner Foster at Madrid, is in town and in the hands of Secretary Blains Mr. Foster reached New York on the Europes steamer Wednesday and left for this city night, arriving here this morning. Young Mr. Blaine, who accompanied him on his mission, reached town a few hours ahead of

This morning the Secretary remained home and he and Mr. Foster, who called shortly before noon, went carefully over the agreement, which Mr. Foster carried in a huge square white envelope.

SECRETARY BLAINE CANNOT TALK NOW. The Secretary said to a STAR reporter that he could say nothing whatever on the subject of the treaty, which is of such a nature as to preclude publication until the President shall have had a look at it. He also declined to state have had a look at it. He also declined to state whether or not the document was a treaty or an agreement under the recent tariff law. This is an important point to be determined, inasmuch as atreaty would have to go to the Senate for ratification and would therefore run the chances of rejection, whereas a tariff agreement such as those that have therefore run the chances of rejection, whereas a tariff agreement such as those that have been made with the South American countries can be put into operation at once by means of a proclamation by the President. It is generally thought that it is an agreement of this sort, since this form of international arrangement has all the effect of a formal treaty with none of its disadvantages. It might also be noted that the only imports into the United States that can be affected by an agreement under the tariff act are hides. an agreement under the tariff act are hides, sugar, tea and coffee, which is seen to exclude

article, but he was compelled to refuse under the terms of the act, which includes only the staples named above. Tobacco could have been included in the agreement, to be sure, but this would have made the act a treaty, subject to ratification or rejection by the Senate, with the probabilities largely on the side of the latter. The idea has gone abroad today that Mr. Foster's prelimi-nary report largely verbal was highly satisnary report, largely verbal, was highly satis-factory to Mr. Blaine.

DEATHS DURING APRIL.

The Largest Number of Burial Permits Ev Issued by the Health Office.

During the month of April of this year there were 692 burial permits issued from the health office, which is in all probability the largest number ever issued in one month. It is far above the average number and the reason assigned for the large increase is the prevalence

of the grip. The largest number of permits issued in any month last year when the grip was so bad were ssued in January, when 597 were issued. The following month of last year, February. there were only 397 permits, showing that the

epidemic caused about 200 more deaths than would otherwise have occurred. During the past few days the death rate has

During the twenty-four hours ending at noon today seventeen permits were issued and four of the persons died from the grip.

A singular fact in connection with the grip was settled. this year is that very few persons under fifty years old have died from the grip, and many of
